

REMARKS

Applicant submits this Section 312 Amendment to address issues with the Examiner's Amendment (attached as pages 2-6 of the Notice of Allowability) in order to ensure that the claims are properly printed in the issued patent.

First, with respect to claim 24, there are certain changes to this claim set forth on page 3 and other changes shown on pages 4-5. Applicant respectfully submits that the changes to claim 24 set forth on page 3 should not be entered and that the changes shown on pages 4-5 correctly reflect the amendments that should be made to this claim. Claim 24 in the above Listing of Claims reflects the changes made on pages 4-5 of the Notice of Allowability.

Second, claim 32 should be canceled and this Amendment makes this change.

No fee is believed to be associated with this filing. Nonetheless, should the USPTO determine that a fee is required, please charge such fee to our Deposit Account No. 14-1140.

Respectfully submitted,

NIXON & VANDERHYE P.C.
